Bhavin Patel

Mumbai, Maharashtra, India

(+91) 9892785595 bhavinpatel242846@gmail.com linkedin.com/in/bhavinpatel6 github.com/BHAVINPATEL06

Education

VIT Bhopal University **2022 – 2026**

Bachelors in Technology (B.Tech.): Computer Science and Engineering *CGPA – 9.00/10*

Alpha Junior College of Science and Commerce **2022**

12th Standard: HSE Board *73.5 %*

Powai English High School **2020**

10th Standard: SSE Board *85.6 %*

Technical Skills

Programming Languages: C++, Python, Java, JavaScript
Data Structures & Algorithms
Technologies/Frameworks/Libraries: HTML, CSS, React JS, Node JS, MySQL, Tailwind CSS

Projects

News Website | *HTML, Vanilla CSS, Javascript, ReactJS, Stability AI API, Axios*

- Developed a web application that displays all categories of News using the Stability AI API.
- Implemented input handling, API requests, dynamic image rendering and loading state management.
- Utilized React hooks to manage state and handle user inputs.
- Integrated Stability AI API to generate images based on text prompts.
- Handled asynchronous API requests with Axios, ensuring smooth user experience.
- Implemented a loading indicator to enhance user experience during image generation.
- Managed errors gracefully to provide feedback to users in case of failed API requests.

Textual FingerPrinting: Unmasking Human Vs AI Writings | *Python, Machine Learning*

- Project Focus: Differentiating between human-written content and AI-generated text.
- Utilizes Bidirectional Encoder Representations from Transformers (BERT) as a tool for detecting AI-generated text.
- BERT's Role: Acts as a "textual fingerprint detector," identifying subtle differences in sentence structure, vocabulary, and sentiment between human and AI-generated content.
- Methodology: Involves training and fine-tuning a BERT-based sequence classification model for accurate text classification.
- **Impact**: Aims to contribute to AI-Generated Text Detection (AI-GTD) and enhance confidence in digital communication by combating misinformation and fostering trust in online interactions.

Additional

Languages: Fluent in English, Hindi
Certifications:

- The Bits and Bytes of Computer Networking (Coursera)
- Cloud Computing (NPTEL)

Relevant Coursework:

- Data Structures and Algorithms
- Python Programming
- Object Oriented Programming (OOPs)
- Internet and Web Programming
- Database Management System (DBMS)
- Digital Logic Design (DLD)

Hobbies

- Cricket
- Gym
